

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since the year 1959. Whether the job involves transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will really help make the task go faster and easier. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement functionality. There are also various optional Lull attachments for their telehandlers to be able to help do whatever task.
